1. Permission is requested for [redacted] of this Branch to visit [redacted]

[redacted] discuss a proposed external contract for the technical-economic analysis of the Soviet R-100 Missile Guidance System. A summary of the proposed project is attached. [redacted] will be the principal contacts. The estimated time required is three to five working days, preferably during the week of 22-26 September 1958.

2. The discussion [redacted] will establish the [redacted] to carry out the proposed project and also acquaint [redacted] with the terms of reference which this Branch believes are appropriate for this study. It is anticipated that [redacted] will subsequently submit to CIA a proposal for the project incorporating the agreed terms of reference from which a detailed proposal to [redacted] may be made. An estimated time schedule and an estimate of cost will accompany the substantive proposal.

3. We are informed that clearance for this [redacted] should be obtained through the Office of the Chief Signal Officer, [redacted]

Apparently the proposed contract must be let by the above office, regardless of the terms of the contract or its funding.

4. SECRET clearance will be required.
